STARTERS

Sushi Planet offers a selection of dishes that meet modern dietary requirements. Throughout the menu, abbreviations of these can be identified as:

VG – Vegan dish

GF – Gluten free dish

GFO – Gluten free option available

Our gluten free sushi is prepared with the use of plain rice (without sushi vinegar) and the original sauce is substituted with Wafu sauce to glaze the skewers.

Please be aware that even though some dishes are prepared using gluten free ingredients, gluten cross-contamination may occur due to everyday kitchen operations. Some gluten free products contain soy.

We're happy to explore ways to accommodate any other dietary requirements also.
